## "BORIS XIII" STARTS!

The cast is set for BORIS XIII. They are Bob Holiday as Austria, Chita Trotter as England, Heidi Gardner as France, Pete Hopkins as Germany, Diane Anderson as Italy, James Kacir as Russia, and Jim "Wormtongue" Frying as Turkey. For what it's worth, fear of you being France as your 1st choice and there being England. France was everyone's 1st or 2nd choice. First deadline will be the November issue.

Got an e-mail from Dan Greenwood. Looks like there could be an Avionics bid year well, he and his family run it anyway with a phalanx of volunteers (BMC) might not have the name, might not give out the "Flagship" (in most cases, the equivalent of a World Championship trophy), or certificates for "All goodie". The "host" wouldn't be the same, but auctions and flea markets could happen unless Hasbro decides to sponsor it.

I'm thinking again this semester on Mon & Wed nights (until 2150) and taking an environmental law course for 3 credits on Tues & Thurs. Thus the 3-day Labor Day holiday has been a sanity saver in getting this rag out. For that reason, we'll go with a five-week deadline this month rather than wait so as to drag the December's Day weekend for the next deadline and Veterans Day for the November issue. December's deadline should be the 15th and we'll probably go with another 2-week interval and have January's orders due on the 8th rather than the 1st.

### STAFFER ALERT:

**ADVANCED CIV:** Elynn has resigned. Asymja is NMIS yet again.

**CIRCLE MAXIMUS:** Rooster Al-Gruel

**MAGIC REALM:** Frix

**SETTLERS OF CATAN:** Osborne's position is "A".

Estimated position should send in orders for each position they are interested in. If the present player signs off to exhibit orders or not, a random drawing will be held.

### BORIS'S BULLETIN BOARD

**THOUGHT FOR THE MONTH:** "Every war is a national calamity, whether victorious or not."

— Gen von Moltke

Karen Burgeson is interested in GMing a game of SOURCE OF THE NEK in these pages and Kevin Wilson is likewise interested in GMing "4800 A.D." If interested in either, contact the respective party. Addresses available on pg 18-19.

### BODIES & BODIES

This month's Madame Bodice Press Excellence Award (and free issue) goes to Lord K'Dos for his ADV CIV resignation message.

This month's Ms. Star Super-Shady Award is lobbed at Lord K'Dos for MMRing out of two games and resigning without orders to another.

PERVERSIVE COMMUNICATION HERE (maybe).

**Deadline for most games is Noon CDT 18 Oct 98**

**ERRATAS:** The two English orders A Edi-Ney and A Len-Pic were omitted from last month's report. Russia's LA Ser-Bal listed).

**MISUNDERSTOOD:** The English chose to withdraw instead of victory. PIAK is surrounded and will swiftly fall, leaving MOR, TUN, or WAR as the possible 1988s leaders. However MAR is very vulnerable and a swift Italian thrust could delay things a year or two. The Turk continues to add the British's cause to making Balkans and Russians units impregnable. Meanwhile Swiss President Perret has called for a Peace Conference to be held in Geneva.

Autists. For been trying to warn Germany that the evil Tue is after him. For pretty busy doing  
good things for people.

France - Russia - No can do big biffs.

France - Italy - I'm here to help.

France - Austria - Unleashed the Italians.

France - Germany - Watch out for the Tue. He casts his covetous eyes upon your thrones. He is a

### PRESS

**ATHENS**: In response to Bulgarian pollution of the Aegean Sea by opening bathing beaches on its southern coast Greece has dispatched a frigate of the Army to discourage uses of said beaches by native Bulgarians.

In other announcements it is noted the Fleets are leaving on an around the Med tour the only water that really seemed to show the flag, visit exotic ports and bring home strange dimensions, no unnecessary associations and necessities.

**BULGARIA** to all: Oh what hell! I get to play against the White cardinals.

**GM Mistake Corner:** HAM noticed that I allowed the "Fur" card to be recycled faster than normal. GM made a mistake with a card holding record and the other commodity card was placed in the recycle pile instead of the "Fur" card. We can't back up the game ... so I'll try to be more careful in future. Please contact GM if you think I screwed up.

HAM reduces half his tokens due to "Civil War" (0t/2 = 0t). Genoa (Osbornet) is NMR and out of the game. GENOA's misery level is "Chaos". The Illusive Emperor remained outside this morning when the resistance that he was running a meekly full of boasting finally got to him.

Looking around at all the stupid, hapless people running around yelling "That way! That way!", the Emperor looked around for a gun. He realized that his people were so frighteningly unprepared, that they hadn't thought it yet. With few other options, the Emperor took his sword, recited the words "The two who speak below are screwed this up", placed it to his mouth, and swallowed.

Elysia is seeking a new schmack, er, Emperor to rule.
